Mike,

The attached file is the 75% Notification Letter for the subject Task Order.

EA anticipates that approximately \$300,000 will be required to complete the scope. This represents the approved task order budget (\$1,236,965) less approximately \$237,000 saved by using the EPA labs rather than private labs. As of now, EA does not have a firm handle on the timing of the needed funds but expect that we will require additional funds by October 2014.

Please contact me if you have any questions or concerns.

Sincerely,

Tim
